FCI 48/00
Dogue de Bordeaux & French bulldog

Welcome to family Špehar's kennel, BordoMax. During all this years of breeding experience in our home were born lots of Dogue de Bordeaux and French bulldog babbies. That moment when puppy come to life is one of the most beautifull moments of breeding. Our babies and mother are under all day and night supervision from mr.Zdravko Špehar, kennel owner. He is also providing life time support to all owners of our babies. We never forgot our babies and they are always welcome in our home..also like all other dog lovers. Our dogs makes happier lots of homes in Croatia and all over the world. That is the best reward for all of our efford

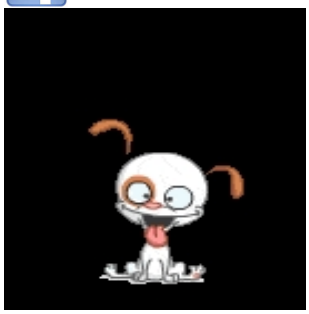

We are members of many breed clubs in the country and abroad. We breed according to the standards of the Federation Cynologique Internationale (FCI) and under our Croatian parent club, the Croatian Kennel Club (HKS). We successfully cooperate with many veterinary institutions and DNA and veterinary health examinations are our standard.

This site is here for you and we hope that your visit will be usefull and enjoyable.

We decided to share with you all of our great experience by starting first web site in south east Europe about Dogue de Bordeaux at 1996. This redesigned, third editon, of our site is extended by one more breed, French bulldog. They are really special, on their own way.

Suzana & Zdravko Špehar

Your dog doesn't know that you are evil or jelaous or greedy. He encourages you to be good and when you listen to him, he loves you.
